THE REGISTRAR AND THE ADMISSION BOARD

FIGHT AGAINST ILLEGAL ADMISSION.

The Federal university Oye- Ekiti, the pride of Ekiti North Local Government, prides itself as a cosmopolitan university in a matter of few years after creation, and over the years has maintained the status quo of excellence among her peers created together in Nigeria .

Now I see the main reason for backwardness of our beloved Nation, we blame those in “power” for forgetting those at the corridor of “education” , the corridor of “common sense”. This depicted ridiculous action led to the writing of this letter.

On the 25th November year 2017 there was a latest update on the portal i.e the admission list. I was quite bewailed about it because it was on Sunday but I felt unperturbed since my name was conspicuously written there and I was indeed joyous but later in the day the list was reversed and the said reason was that the school was testing their admission processing portal.

On the 27th of the same month Nov.2017 around 2:47 P.M the portal was fully updated and students were admitted (based on merit) candidates were admitted according to their cut of point the other aspirants were waiting.

Unfortunately for we aspirants we discovered the second time that people are been awarded admission is not according to their scores but with LONG- LEGS. I was remarkably baffled when I saw people with 51%,52%,even 41% gaining admission ahead of aspirants with 54,55,56- - - 60%, the question is HOW COME? Now the students were admitted because they know a lecturer, Kings, Queen, BIG MEN AND POLITICIAN that can control the admission of officers in a twinkling of an eye. At first we thought it was our subject combination that disqualified us but, we with our investigation and we cross checked the subject combination of ours and those admitted despite their low score it is the same as ours, "that is" we met the requirements.

Am also one of the affected aspirants and I think admission process should be from high score to lower but, in this year's case it's based on LONG- LEGS

HERE ARE THE EVIDENCES

NAME	COURSE	JAMB SCR	SCR.POINT	COURSE GV	ADDMITTE D	JAMB REG.

THIS IS LITTLE, BUT I KNOW THE PEOPLE IN CHARGE UNDERSTANDS BETTER.

ITS OF GREAT DEPRESSION TO US, WITH OUR SLEEPLESS EFFORT TO STUDY FOR JAMB,
SOMEONE FROM NO WHERE WITH A LOWER SCORE IS BEEN CONSIDERED AHEAD OF US.

I HOPE THIS INJUSTICE WOULD BE RECTIFIED. I HOPE THE VC'S OF EVERY UNIVERSITIES
WOULD SEE THIS? I HOPE THE JAMB REGISTRAR AND MINISTER OF EDUCATION WOULD SEE
THIS AND RECTIFY THIS RESPECTIVELY, BECAUSE OUR EDUCATION SYSTEM IS IN SHAMBLES.
